PROFESSIONAL SUMMARY

I aspire to be a C# Junior developer. I am currently working/learning on web, desktop and game applications with the involvement of C# and some JavaScript technologies.

Project Portfolio

ASP.net Sales Predictor Web app | ASP.net MVC, MS Copilot May 2025

- ML web app using .net LightGBM for predicting sales performance from excel files.

Splash: 2D retro shooter | Unity 2D Android, C#, Git Jan 2025 – Feb 2025

- For visual features, I included Blend Tree animations, functional GUI controls, game audio and sound effects.
- For game logic, I included rigid body collisions, gravity, game escalation, point and health system.

Movie List Selection | React, Vite, JavaScript, Git, Copilot, GitHub Dec 2024

- From the API key from themovie.org, I created features such as movie pagination, locally store selected movies, a search bar and viewing movie details.

Term GWA Grade Calculator | C# Windows Forms App Dec 2024

- I mostly used a textbox for input of overall class standing, assignment and exams, then calculation logic for solving Midterms, Finals and GWA .

SKILLS

Languages: C# | C++ | JavaScript

Framework/Libraries: ASP.net MVC | React | Vite

Development Tools: Git | GitHub | Visual Studio Code | Visual Studio 2022 | Figma | Unity

Technical Skills: Microsoft Office Suite | Power Automate

Soft Skills: Time Management | Teamwork

EDUCATION

Undergraduate Degree

Bachelor of Science in Computer Science

National University Laguna

2023 - Current

AWARDS/RECOGNITIONS/VOLUNTEER WORK

- | | |
|---|-------------|
| • Decode 2025 Trend UCTF preliminary participant | 2025 |
| • Participation in Webinar Series in App Dev, Game Dev and Web Exploitation | 2024 |
| • Participation in SCS : Introduction to Web Dev Bootcamp | 2024 |
| • Completion of MS Student Ambassadors Workshop: GitHub Copilot | 2024 |
