PROFESSIONAL SUMMARY

Aspiring Junior C#/.NET developer experienced in building web applications using ASP.NET MVC and Blazor. Developed full-stack projects integrating machine learning models and REST APIs. Seeking to contribute backend and web development skills.

PROJECT PORTFOLIO

RestoKiosk | .NET Blazor, Supabase, MS Copilot Jan 2026

Live Demo: <https://kioskmenu-d6hna9fjhmbga0ev.eastasia-01.azurewebsites.net/>

- Integrated Supabase for real-time database management and secure user authentication.
- Implemented an Admin Dashboard utilizing state management to track order history and menu inventory.

ASP.net Sales Predictor Web app | ASP.NET MVC, MS Copilot May 2025

Live Demo: <https://salespredictor-gucwfabagye5fhbt.eastasia-01.azurewebsites.net/>

- Developed a predictive analytics engine using ML.NET and the LightGBM algorithm to forecast sales trends from excel files.

Splash: 2D shooter | Unity 2D Android, C#, Git

Jan 2025 – Feb 2025

Live Demo: <https://moacworks.itch.io/splash>

- Programmed character with Animator, controllers and game logic using C# scripts, incorporating Rigidbody 2D physics and collision detection.

Movie List Selection | React, Vite, JavaScript, Git, Copilot, GitHub

Dec 2024

Live Demo: <https://movie-selection-show.vercel.app/>

- Developed with React Hooks (useState, useEffect) for efficient state management. Uses TheMovieDB REST API to implement asynchronous data fetching for movie reviews.

TECHNICAL SKILLS

Languages:	C#, C++, JavaScript
Frameworks:	ASP .NET MVC, React, Vite
Development Tools:	Git, GitHub, VScode, Visual Studio, Figma, Unity
Technical Skills:	Microsoft Office Suite, Power Automate
Soft Skills:	Task Management, Team-oriented

EDUCATION

Undergraduate Degree

Bachelor of Science in Computer Science (Dean's Lister)
National University Laguna

2023 - Current

Senior High School

Science, Technology, Engineering & Mathematics (With Honors)
Systems Technology Institute Sta. Cruz, Laguna

2020 - 2022

AWARDS/RECOGNITIONS/VOLUNTEER WORK

• Marshall Committee volunteer for General Assembly	2026
• HackTheBox UCTF: Tinsel Trouble participant	2025
• Decode 2025 Trend UCTF preliminary participant	2025
• Participation in Webinar Series in App Dev, Game Dev and Web Exploitation	2024
• Participation in SCS : Introduction to Web Dev Bootcamp	2024
• Completion of MS Student Ambassadors Workshop: GitHub Copilot	2024
